

## BEHIND MISSOURI'S HEALTH DATA TRAININGS:

The Making of Health Data Rock Stars

---

---

---

---

---

---

---

---

## Historical Influences:

Health Statistics and Data Trainings in Missouri

Photo shared by  
Margaret Tyler

---

---

---

---

---

---

---

---

## Classic Tunes

- Long history of data collection
  - Vital Statistics System implemented in 1910
  - Hospital data collection began in 1963, with current Patient Abstract System collection beginning in 1993
- Long history of data dissemination
  - Annual *Missouri Vital Statistics* reports back to 1911
  - MICA (Missouri Information for Community Assessment) system created in 1997

---

---

---

---

---

---

---

---

## Recent Inspirations

- ▣ History of training
  - Component of other courses
    - Wading Through the Data Swamp
    - Evidence-Based Decision Making
  - Presentations upon request
- ▣ Funding opportunity
  - CDC's Assessment Initiative
  - Supplemental Funding
- ▣ Staff input

---

---

---

---

---

---

---

## Making Music:

Developing the First Course

---

---

---

---

---

---

---

---

## Songwriting

- ▣ Survey
  - Experience with the MICA tools
  - Types of questions that need to be answered
  - Interest in training
- ▣ Statistics
  - Crude and age-adjusted rates
  - Ranking quintiles
  - Confidence intervals
- ▣ Course materials
  - Online tools
  - PowerPoint slides
  - Handbook

---

---

---

---

---

---

---

---

## Marketing

- ▣ Early days
  - Initial contact list
    - LPHA roles
    - Survey
  - *Friday Facts*
  - Logistics = Paper form
- ▣ Later
  - Logistics = Electronic registration
  - Targeted marketing
    - E-mails
    - Phone calls

---

---

---

---

---

---

---

---

## Building a Fan Base

- ▣ Make it mandatory!
- ▣ Go to them!
- ▣ Charge nothing!
- ▣ Offer mileage reimbursement!
- ▣ Feed them!

Photo courtesy of Rebecca Chittina-Mathey

---

---

---

---

---

---

---

---

## Meaningful Lyrics

- ☐ Hands-on
- ☐ Real-world examples
- ☐ Exercises
  - Answer review
  - Answer key

---

---

---

---

---

---

---

---

## A Catchy Tune

- ☐ Jelly beans
- ☐ Pennies
- ☐ Jokes/stories
- ☐ Photos
- ☐ Mascots

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## Debut Tour Results

- Number of attendees
  - LPHA = 85
  - DHSS = 7 (5 MCH Nurses + 2 Others)
  - Non-LPHA = 1 (County Health Collaborative)
- Evaluation scores

Workshop Evaluation Items	Average Rating (5-Point Scale)
Increased knowledge	4.37
Presenter explanations	4.42
Handbook	4.45
Met expectations	4.42

- Evaluation comments

---

---

---

---

---

---

---

---

## Debut Tour Reviews

- "I am pleased that I got what was advertised. We should have had this years ago."
- "I learned a lot and feel much more comfortable using all of these [tools]."
- "I have a much better understanding of how to use this data."
- "I wasn't going to come [due to] an illness but toughed it out and I'm glad I did!"
- "This has been the most helpful training I have gone to in a long time."

---

---

---

---

---

---

---

---

## Debut Tour Comments

- Hands-on, demonstrations, exercises

23) What were the best parts of this training?  
 The book and actual exercises  
 Hands-on experimentation with the site.  
 HANDS-ON.  
 Hands-on and experience of instructors  
 Hands-on problems

- Need for another day

---

---

---

---

---

---

---

---

## Year Two: The Follow-up Tour

We Survived the First Round!

---

---

---

---

---

---

---

---

## Encore!

- New topics
  - Additional statistics
  - Additional data resources
- Communication strategies
  - Different audiences
  - Different formats (tables, charts, maps, narrative)
  - Appropriate chart types
- Data analysis scenarios
- More games ... with prizes

---

---

---

---

---

---

---

---

## Follow-up Tour Results

- Number of attendees
 

	Course 1	Course 2
LPHA	66	78
Non-LPHA	20	18
- Evaluation scores
- Evaluation comments
  - Need time to work with their own data while instructors are available
  - Need feedback on their own documents

---

---

---

---

---

---

---

---

# Year Three: Unplugged

We Sort of Know What We're Doing Now and We're Willing to Take Some Risks

Celebrity Photographer: Rebecca Chima-Mahiga

---

---

---

---

---

---

---

---

# Workshop: Unplugged

- ☐ Topics covered
  - Review game
  - Downloading and presenting data
  - Document review

---

---

---

---

---

---

---

---

# Unplugged Results

- ☐ Number of attendees

	Course 1	Course 2	Course 3
LPHA	37	38	37
Non-LPHA	51	51	13

- ☐ Evaluation scores
- ☐ Evaluation comments

"[M]aybe dedicate 1/2 morning on creating a document then critique in afternoon."

---

---

---

---

---

---

---

---

## Improvisation

- ☐ Later years
  - Group exercise
  - Additional data resources
- ☐ Evaluation comments

“[T]he whole day was a very effective way to help crystallize the previous two days.”

---

---

---

---

---

---

---

---

## The End of AI:

What Happens When the Money Runs Out

---

---

---

---

---

---

---

---

## Other Tour Sponsors

- ☐ Offers from other DHSS units
  - Office of Primary Care and Rural Health
  - Office of Minority Health
  - Office of Performance Management
- ☐ PHHS grant

Celebrity Photographer:  
David Litchfield

---

---

---

---

---

---

---

---

## A Retrospective:

Blatant Self-congratulations

---

---

---

---

---

---

---

---

## Sold-Out Concerts

- Locations request that we come to them
- High demand
- Internal courses
- Total numbers trained
  - Course 1 = 696
  - Course 2 = 546
  - Course 3 = 96
    - Open to smaller number of participants
    - Fewer sessions offered
      - Only one session during 2012
      - No sessions offered during 2013

---

---

---

---

---

---

---

---

## Growing the Fan Base

- Training website
- Newsletter
- Opportunities
  - Invitations
  - Better customer service
- Ideas for the future
  - Revamping MICA
  - Online and refresher training

---

---

---

---

---

---

---

---

**Introduction to Profiles and MICA**  
FFY 2014

**Word-Count Analysis of Responses to Open-Ended Questions**

21) What were the best parts of this training?		
Total number of responses	123	
Response	# Responses	% of Total Responses
Exercises	34	27.6
Hands-on aspect	25	20.3
Examples/Demonstrations	19	15.4
Presenters	17	13.8
Available tools or increased awareness of tools	10	8.1

"AWESOME trainers! Did an epic job of keeping it interesting and pacing the course."

---

---

---

---

---

---

---

---

---

---

---

---

## Building a Band:

It Takes a Special Kind of Person ...

---

---

---

---

---

---

---

---

---

---

---

---

## Duets Are Great - Quintets Are Better

- Started with just two trainers
  - One person presents
  - Other assists participants
- Worked very well for three years
- Lesson learned: Write a script - just in case!
- Expansion of the team
  - Andrew Hunter
  - Becca Mickels
  - Whitney Coffey
  - Evan Mobley
  - David Kelly

Celebrity Photographer: Rebecca Chinn-Matsiga

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## Traits of Data Rock Stars

- ☐ Strong public speaking skills
- ☐ Ability to talk to non-data people
- ☐ Capable of laughing at themselves

---

---

---

---

---

---

---

---

**Side 1:**

- Rates
- Age-adjusting
- Surveys
- Statistical significance
- Maps

**Side 2:**

- Priorities MICA
- Percentage change/difference
- Years of potential life lost
- Charts
- Data analysis scenarios

**Bonus Tracks:**  
Data analysis exercise; Additional data resources; Review game; Document peer review

Celebrity Photographer:  
Bryan Angel  
(AKA The Angel  
of Death)

---

---

---

---

---

---

---

---

## Thank You, CSTE! You've Been a Great Audience!

Course materials used in these health data trainings are available at:

<http://health.mo.gov/data/mica/MICA/healthdatatraining.html>

Thank you to all the people and organizations who have helped make these trainings a success over the last several years by assisting us in developing materials, marketing the courses, hosting sessions, attending the trainings, and providing feedback so that we could make improvements. We appreciate all you have done.
