

# NMI eSHARE

**NNDSS**

National Notifiable Diseases  
Surveillance System

## WHAT: NMI eSHARE Webinar Series

National Notifiable Diseases Surveillance System (NNDSS) Modernization Initiative (NMI) eSHARE is a webinar series designed to train and educate public health jurisdictions on how to implement NNDSS HL7 case notifications and other HL7 efforts. The series provides a forum to discuss lessons learned during the HL7 case notification implementation process and an interactive discussion session for participants.

**Have Feedback?** Public health jurisdictions can send a request to be added to the NMI eSHARE distribution list to the CDC Electronic Data Exchange email inbox at [edx@cdc.gov](mailto:edx@cdc.gov). We also welcome your input on NMI eSHARE topics and ideas for improvement!

**WHEN:** The NMI eSHARE webinar series occurs on the **third Tuesday** of the month at **3:00–4:00 PM ET**.

**WHERE:** For all the details on how to join the webinar hosted by our partner Council of State and Territorial Epidemiologists, please visit the **NMI eSHARE website** at <https://www.cdc.gov/nmi/eshare.html>.

## About NMI:

The NNDSS Modernization Initiative is a close collaboration involving CDC programs, partners at the Association of Public Health Laboratories and Council of State and Territorial Epidemiologists, and state public health departments. Additional information about NMI is available on the NMI website at <https://www.cdc.gov/nmi/>.
