

2022 ANNUAL  
CONFERENCE

JUNE 19-23

## Guidelines for ABSTRACT SUBMISSION

We are currently planning for the conference to be held in-person with some virtual components, however, if circumstances change due to public health recommendations for group gatherings, then all portions of the conference may be held virtually. Presenting authors will have an opportunity during submission to select in-person, virtual, or either option for their presentation preference. Information in these guidelines relates mostly to an in-person event. Additional speaker and moderator instructions will be provided at a later date.

Proposals for presentations at the 2022 CSTE Annual Conference should be made using the formal online abstract process. The Program Planning Committee will evaluate abstracts based on a number of criteria, including timeliness, relevance, design, clarity, outcomes, and potential impact. All abstracts must be submitted via the online abstract system no later than **Thursday, January 6, 2022 by 11:59 p.m. Eastern Time.** Proposals that are incomplete, late or submitted in an inappropriate format will not be considered.

## *General* INFORMATION

Abstracts must represent the work of the authors listed and appropriately referenced.

**Abstracts are limited to 400 words, not including the title and speaker bio.**

The use of “all caps” should be limited to acronyms generally accepted in the field and names of organization; the full organization name on first reference.

Submit each individual abstract to the appropriate committee. Review the list of committees carefully to determine which one might be most appropriate for your subject area. Abstract topics are available on the CSTE website at [www.csteconference.org](http://www.csteconference.org).

Duplicate abstracts will not be considered.

Concluding statements such as “to be completed” should be avoided.

All information should be reviewed prior to submission to ensure completeness; abstract revisions are permitted at any time before the abstract submission deadline.

Abstracts may not be modified after the submission deadline during the review period. Presenting authors may make minor changes after an abstract is accepted until the invitation response deadline.

**By submitting an abstract, please make sure you or an alternate presenting author are committing to attend the conference and giving the presentation if the abstract is accepted.** All presenting authors are required to register for the conference and pay related fees. CSTE does not provide a travel allowance, honorarium or reimbursement for attending the conference.

There are no restrictions on the number of abstracts you may submit or the number of submissions you may be selected to present.

Abstracts submitted to another conference may be submitted to the CSTE Annual Conference for consideration.

CSTE membership is not required but encouraged to submit an abstract.

## STUDENT ABSTRACTS

Students are encouraged to submit abstracts for sessions offered at the CSTE annual conference. To be eligible for consideration, abstracts must be authored by students currently enrolled full time in an undergraduate or graduate program who are actively pursuing a degree in public health or related field. Discounted registration fees are offered to qualified students.

## MEDIA

CSTE typically issues media passes to appropriate outlets interested in covering the Conference. Credentialed reporters may attend all portions of the event.

# ABSTRACT SYSTEM

Please follow all directions provided in the online abstract system to ensure your abstract is entered correctly. The system divides the submission process into steps so that information can be entered, previewed and saved at each step. The steps in the submission process are shown as links in the left navigation panel. At any time in the process, you may navigate between steps to make revisions or corrections. By following the directions on each page in the submission process, you will automatically proceed through every step needed to submit an abstract.

### STEP 1

## COMMITTEE *and* TOPIC

Abstracts will be divided into committees for review and programming purposes based on topic areas. The Program Planning Committee reserves the right to reassign your abstract within committees.

### AVAILABLE COMMITTEES:

- Chronic Disease/MCH/Oral Health
- Cross Cutting
- Environmental Health
- Infectious Disease
- Injury
- Occupational Health
- Substance Use
- Surveillance / Informatics

### STEP 2

## TITLE

- The title is not included in the abstract word count; however, titles should not exceed 185 characters.
- Title case should be used where the first word and all other major words (nouns, pronouns, verbs, adjectives, adverbs) and some conjunctions are capitalized.

- A presenting author is defined as an individual person who will actually present at the conference.
- The submitting author is the author that completes the online abstract submission process. This person is usually involved with the abstract as a presenting author or co-author.
- **By submitting an abstract, please make sure you or an alternate presenting author are committing to attend the conference and giving the presentation if the abstract is accepted. All presenting authors are required to register for the conference and pay related fees.** CSTE does not provide a travel allowance, honorarium or reimbursement for presenting authors.

- Presenting author(s) must complete brief bio information on their background experience that should not exceed 100 words. If selected for oral presentation, this information will be utilized by the session moderator to properly introduce you. This information may be shortened by the moderator to ensure presentations stay on time.

- Formal letters of invitation are sent by email from the CSTE National Office by Friday, March 25, 2022. All authors receive a formal communication regarding the Program Planning Committee's determination. However, only presenting authors have system access to accept or decline an invitation.
- It is the responsibility of the first presenting author to communicate with any presenting co-authors prior to the presentation. For breakout presentations, the presenting author is responsible for coordinating the presentation with the moderator selected by the Program Planning Committee in that session.

## STEP 5 VIEW or EDIT SUBMISSIONS

After you complete Step 1 – Committee and Topic selection, you will receive an email from [cste@confex.com](mailto:cste@confex.com) with the subject line "Submission Initiated" and your abstract title. The email content will include the ID for the abstract. Presenting authors should use the same email address for all submissions and to access your **User Portal**. The **User Portal** is *new* for the 2022 conference where you will be prompted to create a password linked to your email address to access all your submissions in one place. You may view and edit an abstract any time before the abstract submission deadline on **Thursday, January 6, 2022 at 11:59 p.m. Eastern Time**. Abstracts may not be modified after the submission deadline during committee review. If your abstract is accepted for presentation, minor content changes may be made by contacting Shundra Clinton at [sclinton@cste.org](mailto:sclinton@cste.org) no later than Friday, April 29, 2022. Author changes may be made online before the abstract submission deadline and after invitation until **Friday, April 29, 2022**.

## Invitation RESPONSE

Formal letters of invitation and regret are sent by email from the CSTE National Office by Friday, March 25, 2022. Presenting authors with an accepted abstract will receive a link to their online speaker information, where you may view session details, respond to the invitation and upload your presentation. Co-authors with an accepted abstract will receive a determination email, but not a link to the online speaker information.

**The deadline for responding to the invitation to present is 11:59 p.m. Eastern Time on Friday, April 29, 2022 using the online link.**

All presenting authors are expected to register for the conference and pay related fees.

Presenting authors must disclose to participants prior to speaking any significant financial interest or other relationships with the manufacturer(s) or other relationships with the manufacturer(s) of any commercial product(s) or provider(s) of any commercial services discussed in a session presentation and with any commercial supports of the activity. This pertains to relationships with pharmaceutical companies, biomedical device manufacturers or other corporations whose products or services are related to the subject matter of the presentation topic. Having an interest or affiliation with a corporate organization does not prevent a speaker from making a presentation, but the relationship must be made known in advance to the audience. Questions regarding CSTE presenter disclosure should be directed to the CSTE National Office.

## *Presidential* PRIORITIES AWARD

Each year, the President of CSTE sets forth a list of Presidential Priorities. These are key areas impacting the field of applied epidemiology that the organization, Executive Director and Executive Board works to advance during the year. ### CRITERIA FOR CONSIDERATION

The abstract must contribute to the overall Presidential Priority: **Addressing law enforcement involved fatal encounters and non-fatal injuries (LEIFE) as a public health issue.**

- Developing surveillance systems to measure LEIFE;
- Describing the epidemiology of LEIFE, including local trends;
- Conducting analyses of law enforcement suicides;
- Working with communities to establish LEIFE reviews;
- Developing community-based approaches to address LEIFE harms and consider prevention strategies; and

These abstracts are eligible for the Robert Wood Johnson Foundation National Award for Outstanding Epidemiology Practice in Addressing Racial and Ethnic Disparities.

Two additional Presidential Priorities for 2021-2022 are best practices for a sustainable and resilient public health workforce and a strategic plan for data modernization.
